K-SPRINT B1015A

KAPTIV RXT line

S1P SRC

Sizes: 36 - 48

Anatomic removable Dry'n Air OMNIA footbed, with air circulation.

Also compatible with the

SCAN&FIT OMNIA, DRY'N AIR GEL, SECOSOL and SECOSOL COMPLETE

insoles (DGUV 112-191).

Fresh'n Flex

Ballistic fabric midsole Perforation 0 mm Standard 20345:2011 (Nail 4,5mm - Force 1100 Newton).

Smart and adaptive system, for a **dynamic** comfort solution. The shoe adapts according to the kind of applications in use: it dissipates high impact energy, stabilizes the walk, and it helps you maintain the correct posture keeping the foot on axis, reducing risk of sprains.

SmellStop

3D hi-tech fabric lining for the best breathability with permanent antibacterial treatment*, it prevents the proliferation of bacteria and bad odors

Upper in breathable knitted textile,

Aluminium toe-cap

Overcap, for a higher abrasion resistance

Double density TPU RXT outsole

- Stability control, lightness, resistance and grip, in one single shoe
- Ideal for work on smooth and wet floors
- Designed for workers who spend most of their time standing.

«RXT» is the new formula "made in Base Protection", for a sole that combines lightness, high resistance to abrasion and slip.

The **special tread pattern**, associated with a **new generation blend**, increases grip on the most critical work surfaces, even in wet conditions.

Shock absorbing is also enhanced in the front part (metatarsal area), for a greater cushioning effect and a feeling of comfort on the entire sole of the foot
